

MADE IN THE USA

FOGAWAY

ANTI-FOG SPRAY

FOG-FREE VISION WHEN YOU NEED IT

Safe and effective on all lens types even those with an anti-reflective or super hydrophobic coatings

RIGOROUSLY TESTED

Formulated and manufactured in Ohio, Fog Away's proprietary solution has been a trusted brand for first responders, safety professionals, and the military for many years. It's been rigorously tested for performance and has won several awards for its reliability. In one test, a lens treated with Fog Away was held over constant hot steam for 60 minutes without fog forming — similar products failed in as little as 5 minutes. In another test, lenses were moved between cold and hot environments 100 times without fog forming.

- Delivers fog-free performance in just a few sprays
- Prevents fog build up due to heat, cold, or high humidity
- Extreme fog dissipates quicker*
- Silicone-free formulation goes on clear with no haze
